Updates from Painting Committee

The painting committee met outside of regularly scheduled council meetings and reported back with additional plans to continue advancing with the painting project. The committee decided that citizens who would like to paint a trash can must submit a design to the MYLC. The top 10 designs will be chosen to paint a trash can. By the next meeting, they plan on creating an application form and contacting companies to see if they are interested in participating.

Upcoming Events

The MYLC is planning a trip to the legislature April 15th. They will also volunteer at the La Vista Easter egg hunt taking place April 20th.
